Wall hanging biofireplace

WEVO

EU CLASS
NORM

ECO & SAFE
BEST FOR YOU

This contemporary wall-mounted bio fireplace features a sleek, boxy design with a minimalist black frame. The visible flame is secured behind a clear glass panel, enhancing safety while offering an unobstructed view of the fire. Its simple yet stylish appearance makes it a perfect addition to modern living spaces, adding both warmth and aesthetic appeal.

Customizable to Your Vision

- **Reflecting Glass** - Enhances the flame's creating a mesmerizing ambience.
- **Custom Dimensions** - Tailor the size to fit your unique space perfectly.
- **Custom Casing Color (RAL Palette)** - Match your decor
- **Glass Holder Options** - Personalize your fireplace with different glass holder styles

* Nm³ stands for m³ of gas in normal conditions (101235 Pa) The value includes the moisture content of ambient air 50% relative humidity Rh

SAFE CONTROL

A thoughtfully designed safety chamber offers peace of mind by providing thermal insulation and ensuring any spilled bioethanol remains safely outside the combustion area. Handy indicators make bioethanol measurement a breeze.

ECO HEATER

Experience cleaner, more mesmerizing flames with our unique V-shaped tank and catalyst insert. Adjust the flames effortlessly with a safety-first cold handle.

Warranty

All Bio-fireplaces undergo a thorough quality control process, which includes a leak test to ensure their safety and performance.

Manufactured and tested according to European Standard EU norm EN 16647 Predicate to test report no. 3515 A1 21

Note: All calculations and figures presented are based on controlled testing and should be considered as theoretical estimates. Actual performance may vary due to environmental conditions, room configuration, and usage patterns.

1. Inner steel frame powder coated black
2. Adjustable wall hangers
